One-stop Solutions

UBI Insurance

Provide reliable and accurate pricing basis for insurance companies.

Fleet Management

Reliable data insights to escort fleet operation management.

Stolen Vehicle

Using signal positioning to effectively reduce the risk of vehicle theft.

Asset Tracking

Large battery life for precise positioning.

UBI Insurance

Application

Driving Insights

Crash Detection

Mobility Insights

Lifestyle Insights

WanWayTrack platform turns vehicle data into actionable insights about the user's behavior and lifestyle, help companies personalize and engage with their users, as well as positively change behavior.

Cloud Platform

Satellite

Internet

Device

Benefits

- Optimization of driver's dangerous driving behavior.
- Eliminating hidden dangers to vehicle safety before driving.
- Instant reminder of dangerous situations during driving.
- Data record playback after an accident facilitates division of responsibility for the accident.

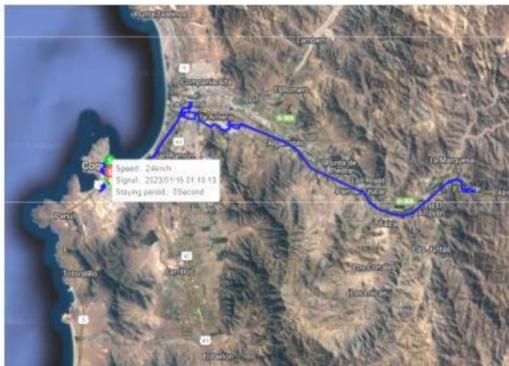

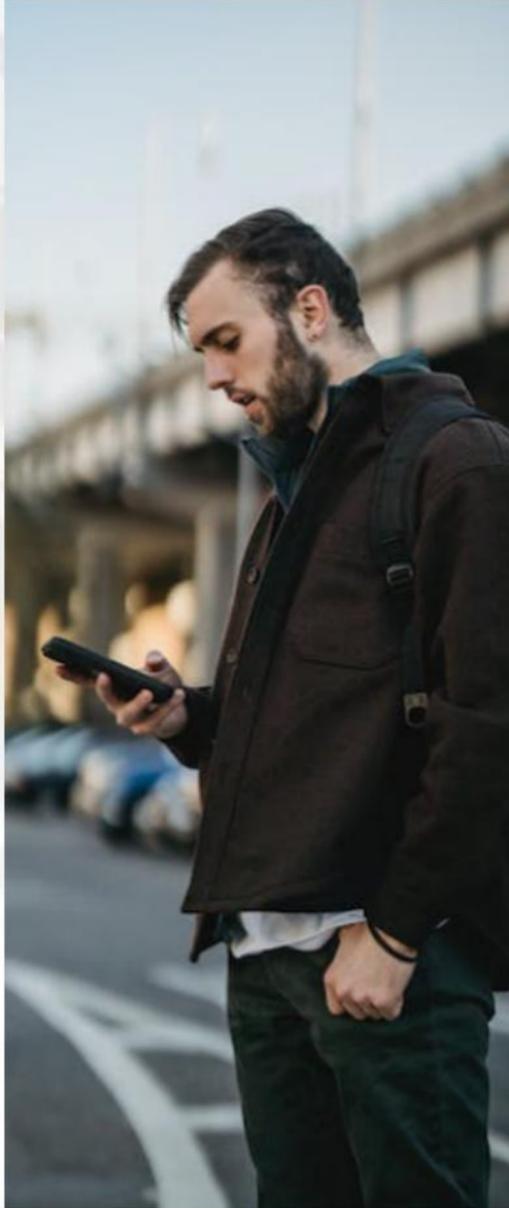

Fleet Management

Application

Combined with Wanway's fleet management platform and GPS products, fleet managers can track and manage fleet vehicles information globally without going out.

Benefits

Real-time Tracking

know where your vehicles are and assign duties accordingly and effectively.

Trace Playback

Review the trace history when necessary.

Alarm Notifications

Driving behaviours are analyzed, and alarms are sent to admin and/or drivers, to protect human and assets safety.

Fuel Sensor

fuel management helps to reduce the cost.

Driver behavior Analysis

Driver's improper driving behaviours, such as making/answering calls during driving, fatigue driving, sudden braking/speeding/turning, bring risks that would cause huge financial and reputation losses.

One Click SOS

Press the SOS button to get help when emergency.

Stolen Vehicles

Application

Anyone who wants to keep his car/motorcycle/ bike etc safe and secure.

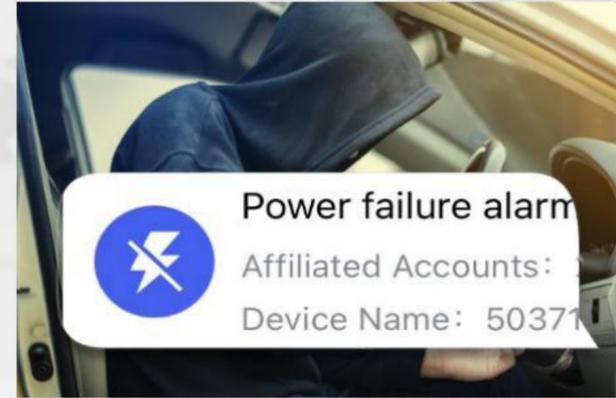

Benefits

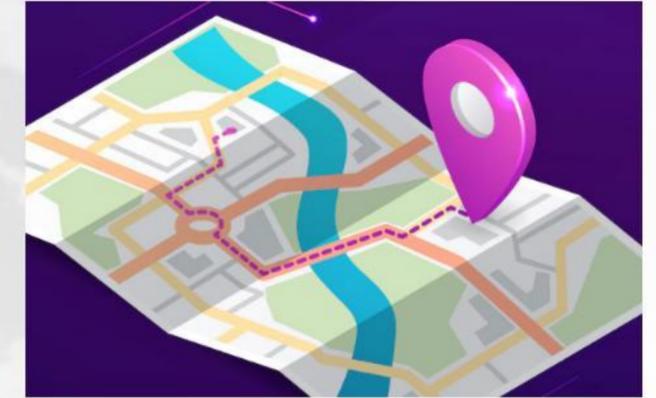

ACC ON

ACC-on display when your car/motorcycle is started unexpectedly.

Power Failure Alarm

Alarm message when your GPS device is being removed from your vehicle unexpectedly.

Check Locations

When your car is stolen, you will know its location, which help you find it back.

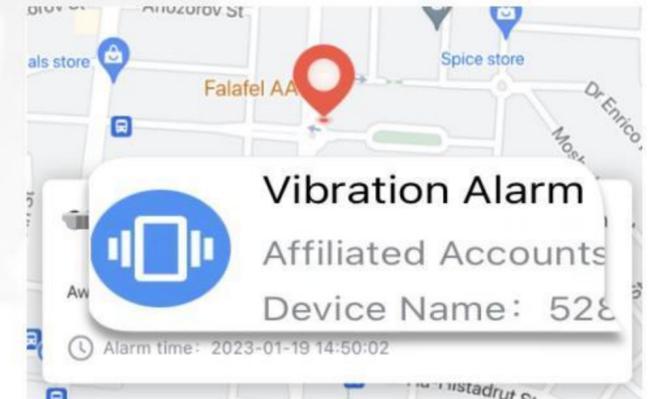

Geo-fence Alarm

Geo-fence gives alarm when your vehicle is moving out of the limited area unexpectedly.

Engine On/Off

Remote cut off petrol / electricity to make it easy to get your stolen car/motorcycle back.

Vibration Alarm

Vibration alert to tell any possible vehicle theft by violence.

Asset Tracking

Application

Vehicle

Equipment

Parcel

Bagpack

Luggage

Container

Safebox

- Migrate whole platform to customers' own local server
- API docking
- Maintenance and upgrade available

Customers Quote

Barak Wadanya Lovelock Ailsie recommends WanWay Tech.

May 26, 2020

Well, I have bought Gps trackers from this company for three years now, no complaints from customers. But most importantly I applaud the company's quick response customer care service. I really wanted to give my appreciation to a one Shiley, that lady is all up for my so many questions, she never breaks. I fully recommend this guys.

Mrudu Ranjan Tripathy recommends WanWay Tech.

February 6, 2020

fantastic product, I using it last 4yrs, best longivity 4 to 5yrs

Alan Gutiérrez recommends WanWay Tech.

August 24, 2022

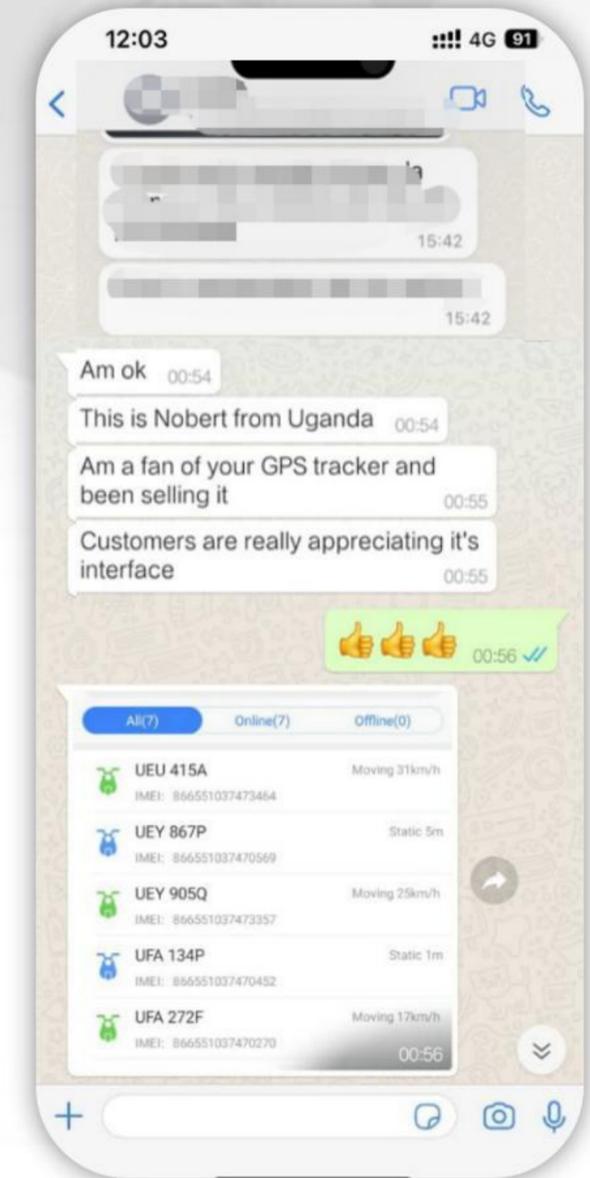

GPs is solid and works. customer service is helpful and quick to respond. good price and good quality.

Emmanuel Odiong recommends WanWay Tech.

February 22, 2020

Wonderful asset security system
