## ABOUT US

### SHANDONG ZHONGHAO METAL MATERIALS CO. .LTD

Shandong Zhonghao Metal Materials Co., Ltd. is affiliated to Jinan Zunkai Group. Jinan Zunkai Group was established in 2002. The group has 6 branches. The company has strong strength and annual sales of nearly 1 billion US dollars.

The company is located in Jinan City, Shandong Province. The main products are various types of container house products, etc. The company has leading R&D capabilities and technical advantages. The steel structure products, packaging box products, mobile board house products, and light steel villa products produced by the company are widely used in temporary housing for key projects such as construction, railways, highways, bridges, water conservancy projects, electricity, petroleum, and tourism, such as epidemic prevention and isolation places. So far, thousands of container house construction projects have been successfully completed in more than 20 overseas countries.

With its excellent product quality, superb construction technology and thoughtful after-sales service, it has won wide praise and praise from customers and has become a long-term partner of large construction teams in many countries.
